User PDF

PDF to Excel: check every cell

Fictional data. Six records, five columns. No personal information.

Code	Item	Date	Quantity	Amount (BRL)
0007	Notebook	22/09/2026	12	1.250,50
0012	Pen	23/09/2026	24	48,00
0031	Folder	24/09/2026	8	72,80
0045	Adjustment	25/09/2026	1	-15,00
0100	Envelope	26/09/2026	50	125,00
0104	Label	27/09/2026	20	39,90

What to check

0007 must keep its leading zeros.

Codes and dates need review; amounts use decimal commas.

The negative amount must retain its minus sign.

Check the workbook before calculating totals.
